b) 2025 Public Art Plan

Board discussed 2025 plan. Dumpster program was brought up but ultimately wanted to focus on electrical control boxes instead. Directed staff to start gathering information about how the program could work, contact LPEA for approval. Bergon mentioned another smaller project idea would be to add sheep to the town similar to other towns that have a same item that is decorated differently throughout the town. With 2025 Public Arts budget of \$20,000 the board discussed that we would like to see another mural project downtown. Staff recommended that the geothermal building is a new blank slate that hasn't been identified as a Public Arts location yet.

The Public Arts Committee recommends issuing a Call for Artists to announce an opportunity for artists to create a mural on the Geothermal Building in 2025.

Carried.

Hudson moved, Rose Second.
