Sage crosswalk project

15 businesses and artists for Art Walk. Decide by May 15th. Roasnne will make a map. Picasso and Vino will be the main hub in the middle of the route. Art station. June 26th.

V. UNFINISHED BUSINESS

1. Round 2 of Geothermal Sculpture Panels

Kyle Cuniff met the objective. Covers the charging station. Simple. Local, safe, and conservative.
Mark- offset panels, includes travel, reflective hazard? Thinks he can still fit the fastest timeframe. Very specific with the maintenance plan.

Southwest Engineering- Proposal needed work. Couldn't tell what was going on.

Mark's original design was well received and the board like that design better. Take panels and let him decide best options.
Recommendations from the Public Arts Committee to select Mark Rane the finalist of the Geothermal art call with the ask of an additional final rendering, which is the blend of the 2 proposals.

VI. NEW BUSINESS

1. Bell Tower Door: Harmony Goss

Rosanna, keep the relationship and keep the style and match.
Sherry put it off for year. Maddy keep but put it off for a year.
Ursula budgeted isn't always the answer.
Gives the opportunity for new artists to try something small.

Wait till the painting of the door till next budget cycle to lok at new call.
